## **DETAILED ACTION**

### ***Examiner's Comments***

1. This action is in response to phone interview (see attached) and subsequent authorization for the below examiner's amendment. The allowed claims are now 1-14.

### ***Priority***

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Examiner's Amendment***

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bill Lyddane at 703-716-1191 on Monday 18 July 2005.

The application has been amended as follows:

In claim 1, line 6, --separate--was inserted in between "having" and "air";

In claim 1, lines 11 and 12 were replaced with --transmission respectively, and said exhaust port is provided in the vicinity of said fan, said fan configured to draw in two separate streams of air from said separate air intake ports respectively, a first stream of air drawn in from a motor side of said--.

***Reasons For Allowance***

4. The following is an examiner's statement of reasons for allowance: The prior art of record fails to anticipate or show in combination an electric power tool having a motor, transmission and housing with separate air intake ports to take in ambient air and an exhaust port to expel air therefrom; whereby a fan is provided between the motor and transmission and wherein separate air intake ports are provided in the vicinity of the motor and the transmission and the fan is configured to draw in two separate air streams from the separate air intake ports. All pending claims are now allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Voigt et al., McCurry et al., Turner et al., Fuchs, Sanders, Schumann, and Pratt et al. are cited to show related references.
